

Company Overview

- Realtime Technologies is an Electronics Contract Design & Manufacturing Company,
- Facilities in Czech Republic, Slovakia & Romania.
- HQ'd in Dublin with 3.5K sq.m. Manufacturing and Test Facilities & 2.5Ksqm in CZ.
- Circa 150 employees
- Primary Industry verticals are Space, Aerospace, Medical, Defence & Renewable Energy
- Core Capabilities in Electronics Boards & Systems Design & Manufacturing, Electro-Mechanical Assembly, Box Builds, and Supply Chain Management

Key Company Metrics

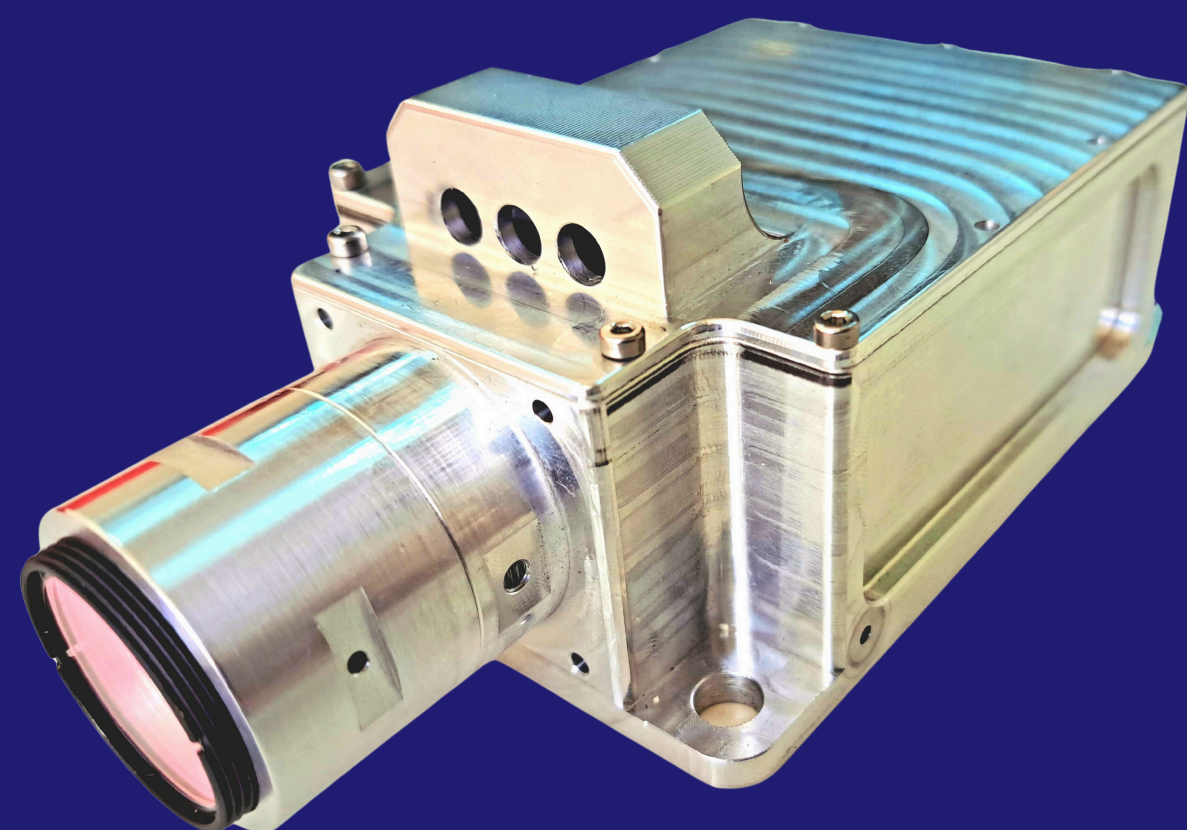

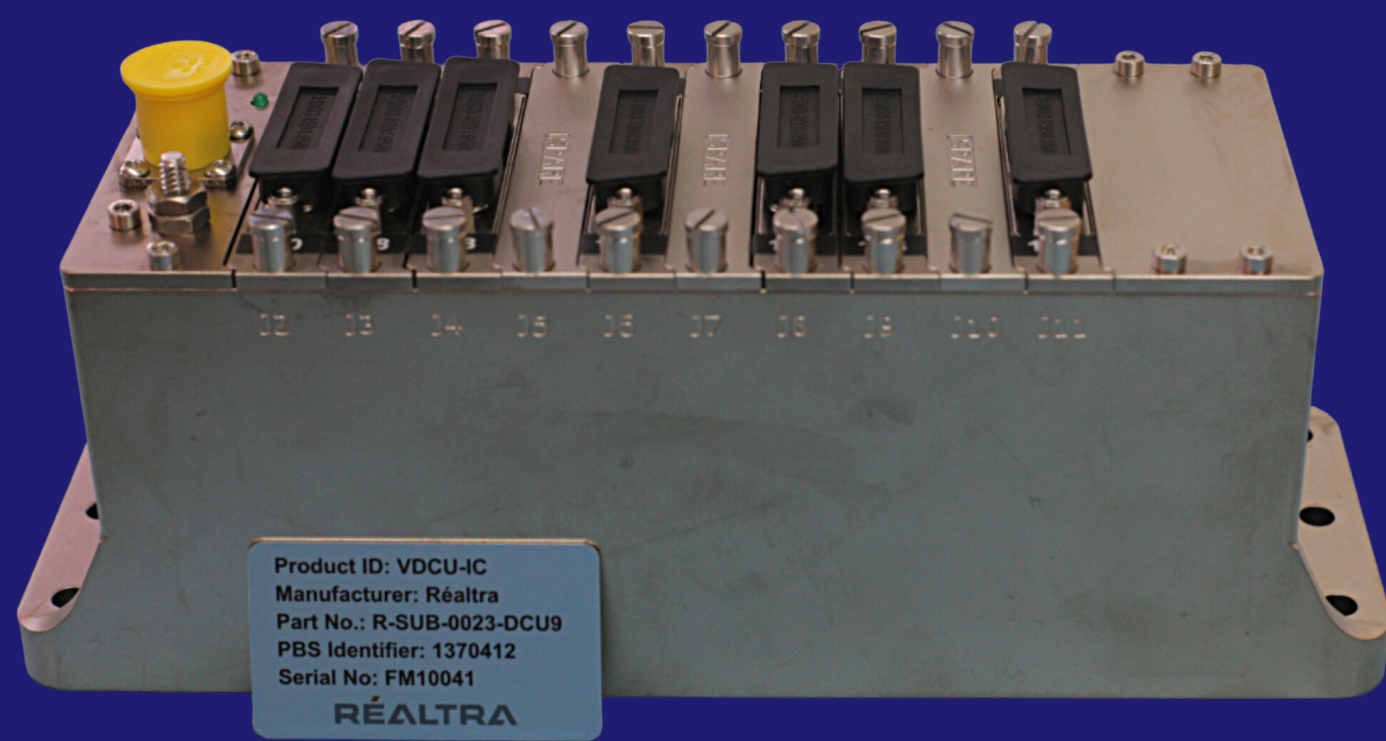

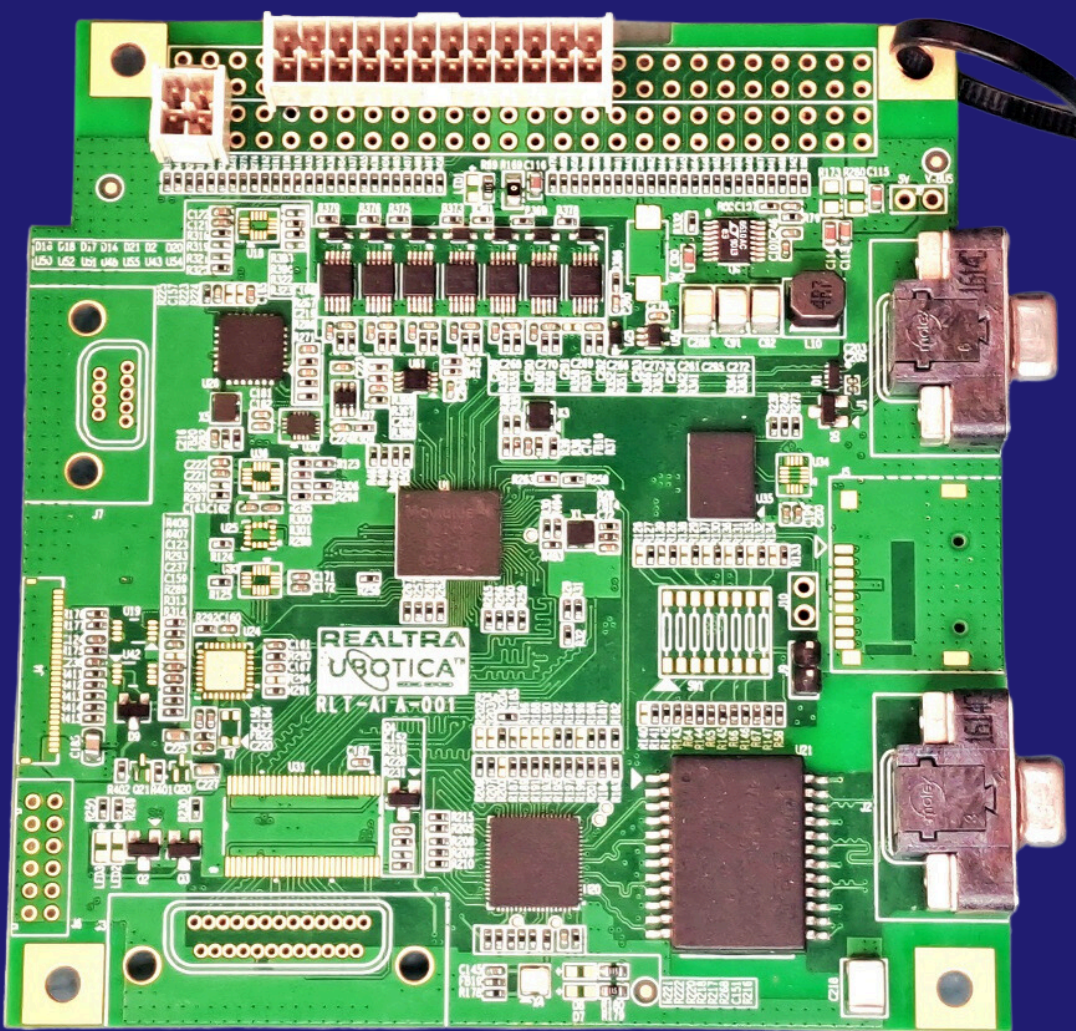

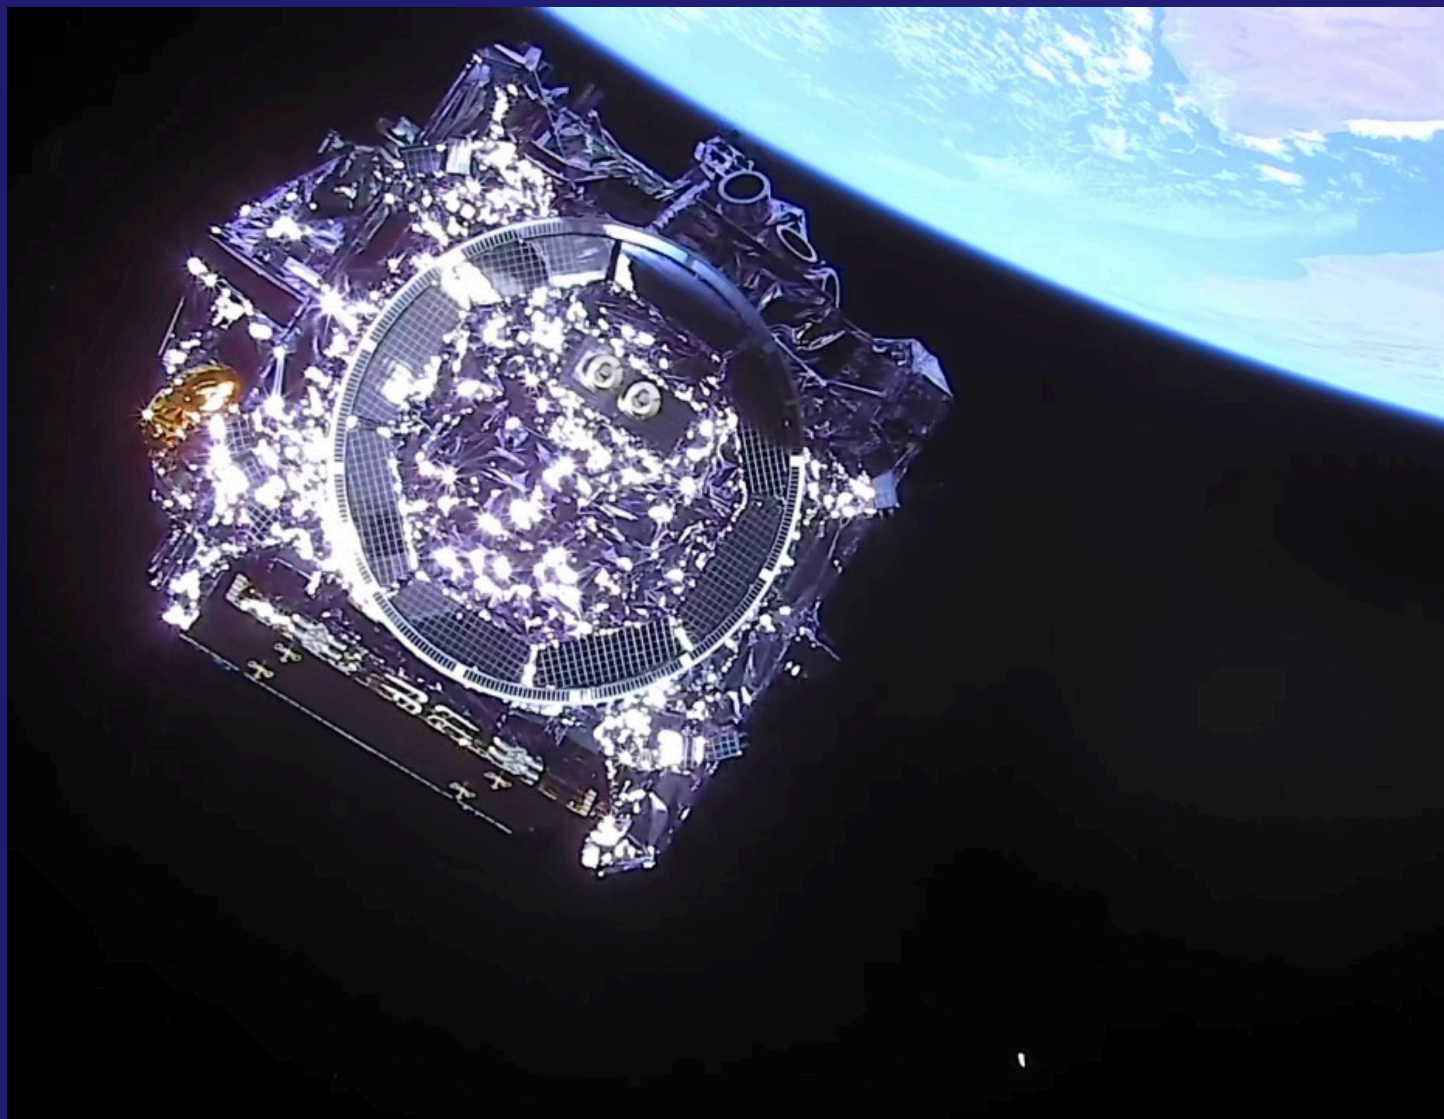

- 27 Years in Business
- Certifications: AS9100, ISO13485, ISO9001, ECSS.
- Turnover, Growth: €10M (2021). Growing 15% pa.
- Quality/PPM: 99.5%.
- Key Customers: Ariane, OHB, Curtiss-Wright, ESA, Vattenfall, Siemens, Intel, Abbvie, OnSemi.

Relevant Company Capabilities

- Designing Complex Network Systems & Video Systems for Space, eg VIKI for Ariane5 & JWST launch, and for A6 (Future).
- Designing LIDAR sensors for use in Defense.
- AI & ML PhD Research with ESA.
- Manufacturing complex electronic Boards and Systems.
- Test, Both Functional & In Circuit Test.
- Reliability Testing: Environmental, Vibration, ThermalVac

Unique Selling Points

- Deep Design Engineering Capabilities.
- Quick Turn / Quick Response Manufacturing.
- Proven Repair and Refurbishment Capabilities.
- Flexible ERP system can be sync'd with Customer's Sys.
- Two European Manufacturing Sites.
- Unique Quality position with ECSS and ESA Lead Free Process approvals by eoQ1.

Launch Vehicles

Delta II  
Falcon 1  
Falcon 9  
Electron  
Ariane 5  
Vega-C  
Firefly Alpha

4 Flights  
5 FLights  
22 Flights  
2 Flights  
1 Flight  
1 Flight  
1 Flight

Re-Entry Vehicles

Space Shuttle  
  
Dragon  
  
IXV

Dragon Eye - STS 127, STS-133  
  
21 Flights - NASA ISS Re-Supply Including Re-Flights  
  
ESA Mission 11th Feb 2015

Space Station

ACLS  
  
PLDR

Launched Nov 2018 on HTV to ISS  
Operating in Destiny Module  
  
Launched Mar 2021 on Cygnus

Sub-Orbital Vehicles

SpaceShipOne  
  
SpaceShipTwo  
  
VSS Unity Space Plane  
  
White Knight Two

17 Test Flights 2003 - 2004 Incl. 6 Powered Flights  
  
35 Test Flights 2010 - 2014 Incl. 4 Powered Flights  
  
16 Test Flights 2016 - 2019 Incl. 5 Powered Flights  
  
189 Test Flights 2009 - 2019
